#### REMARKS

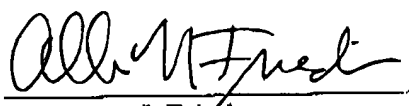

15  
The above new priority claim is a correction of the priority claim submitted in the  
September 18, 2002 Preliminary Amendment in deletion of the word "co-pending" from the end  
20 of the second line.

The above new claims are modifications of originally filed Claims 1, 21, 31, and 36,  
respectively part of the originally filed January 31, 2002 application. The original Claims 1, 21,  
31, and 36 are being resubmitted, in somewhat modified form, as Claims 155, 156, 157, and 158,  
respectively, in order: (i) to reassert more broadly in the claim set the full breadth of the  
25 inventions disclosed in the originally filed application, and (ii) to insure that the amendment of  
Claim 1 and the cancellations of Claims 21, 31, and 36, contained in the September 18, 2002  
Preliminary Amendment, are not interpreted as an intent to narrow the scope of any claims.

Neither the September 18, 2002, Preliminary Amendment nor this Second Preliminary Amendment were prepared or filed for reasons related to patentability, but rather for reasons related to current activity of third parties utilizing the disclosed invention.

5 If the Examiner considers that the prosecution of this Application can in any way be advanced by a telephone interview, he is urged to contact the undersigned at (973) 639-6946.

10 Respectfully,  
Jack J. Johnson  
William F. Coyle
